

Welcome to KIPFUL

We offer simple, fast, cost-saving and ecological solutions for your business.
Take advantage of unique business cards, connected using the NFC and QR Code technology.

Use on IOS

Scan for a demo.

The ideal location to read a KIPFUL card is at the level of the camera.

⚠ For all the models prior to the iPhone X, enable the NFC reader from your Control Center!*

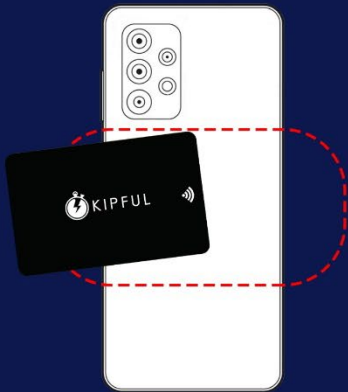

*To check the compatibility of your phone, go to our website in the help section.

Use on Android

Scan for a demo.

The ideal location for reading a KIPFUL card is in the center of the back of the device.

△ Make sure the NFC reader is enabled in the phone settings.*

*To check the compatibility of your phone, go to our website in the help section.

Avoid cleaning your card in the washing machine

Despite its biscuit shape, it is not edible

Don't choose this card to cut your butter, choose a knife instead

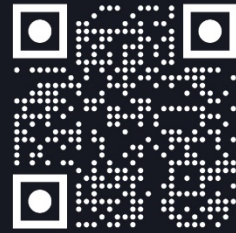

Avoid playing Frisbee with the card, risk of injury

Same principle as the car, if the keys get close to it, scratches guaranteed!

Scan this QR code and give us your opinion!
